2021 GRENACHE

REGION	McLaren Vale, South Australia
LOCATION	McLaren Vale
ALC/VOL	13.5%
VARIETY	100% Grenache
OAK	Limited to 4 months in oak
RELEASED	November 2022

Our third straight Grenache for 10 years, since we started to produce GSM.

The Grenache grapes, originally and still one of the classic varieties of the Rhone Valley in France, come from old bush vines in McLaren Vale.

The fruit has again come from the Torresan family vineyard and looks every bit as good as the dual gold medal 2019 Grenache (still available), and the 2020 silver medal Grenache (also still available).

The high quality of the 2021 wine has been recognised with a Silver medal at the Winewise National Wine Show and a Bronze medal at the Royal Adelaide Show in 2022. So, consistent quality is again evident in the 2021 wine.

Again, the style is very much in the new McLaren Vale style for Grenache. Relatively lightly oaked, resulting in an aromatic wine with soft red fruits, ripe fruit flavours with some hints of spice and whilst not a heavy wine, it does possess the depth and elegance, also seen in the 2019 and 2020 vintages

Ready to drink now and with careful cellaring will develop over the next 6-7 years.
