2021 RIESLING

REGION	Clare Valley, South Australia
LOCATION	Watervale, Clare
ALC/VOL	13.5%
VARIETY	100% Riesling
OAK	Unoaked
RELEASED	June 2021

Over the past 10 vintages we have extolled the virtues of Darry and Chris Honey's superb vineyard at Watervale in the Clare Valley. Still regarded as the premier Riesling growing region in Australia.

There was no 2020 Riesling due to the severe drought in 2019/2020. In addition, the Honey's sold our source vineyard. Fortunately, Damian our winemaker has found an equally high quality vineyard only 500 metres away in Watervale, Clare.

Previous vintages of ours have won gold medals at the Royal Adelaide and Royal Melbourne Wine Shows and the 2021 from our new source vineyard has the same quality achieved over the last decade.

Slow ripening vintage again then picked when ideally ripened in late February. Lime flavours and with mineral acidity, but not quite as pronounced early as some previous vintages.

Typically fresh and crisp and ready to drink now but will also develop and mature into a mellower, honey-coloured wine after 2-3 years bottle age. Serve chilled.
